Manufacturing Technology Training
An IMTMA initiative

ISO 14001:2015 Internal Auditor (IA) Training Program
Date : 11 to 12 December, 2025
Venue : IMTMA Technology Centre, Bengaluru

INTRODUCTION

Environment is everything that is around us. It can be living or non-living things. It is conditions in which a person, animal, or plant lives or operates.It is the surrounding in which an organization operates, including Air, Water, Land, Natural Resources, Flora, Fauna, Humans & their interrelations.

What is EMS (Environmental Management System)?

The System established by the management to develop & implement its environment policy & manage its activities or products or services that can interact with environment. Environmental Management system standards provide the organization with an international, state-of-the-art **model** to follow.

As per ISO, Audit is a systematic, independent and documented process for obtaining objective evidence and evaluating it objectively to determine the extent to which the audit criteria are fulfilled.
