Manufacturing Technology Training
An IMTMA initiative

Essentials of VDA 6.3 implementation
Date : 8 September, 2025
Venue : IMTMA Technology Centre, Bengaluru

INTRODUCTION

VDA 6.3 (Verband der Automobilindustrie) defines a process based audit standard for evaluating and improving controls in a manufacturing organisation's new product introduction and manufacturing process.This standard caters to the German automotive industries whose requirements are unique and complex.

In the present day race to outbeat others, TTM (time to market) has become very short. Hence, the demand for adhering to the standard has increased.The standard digs deep into each process element over the entire product realisation cycle with strong focus on Preventive Quality Assurance. Emphasis is on identifying, assessing and managing risk. If implemented in true spirit, there is almost no chance of making mistakes.Thereby, none of the key performance indicators, QCD, demanded by Customers, are compromised.

The German automobile industry has made it mandatory for Tier 1 and Tier 2 suppliers to comply with the requirements of this standard and get certified.

Keeping this in view, IMTMA is organizing a training on **Essentials on VDA 6.3 implementation.**

FOCUS AREAS

- Project Management
- Planning product/process development
- Implementation of product/process development
- Supplier development
- Process analysis/production
- Customer care/satisfaction/service

KEY TAKE AWAYS

With a proper understanding of the standard, one can derive the following benefits in the entire product realisation cycle.

- Shorter “Time to market”.
- Improved product quality
- Improved process quality
- Improved supplier quality
- Smoother operation
- Eliminates in-house defects, also at customers end.
- Project cost is under control
- Enhances Customer satisfaction
- Ensures smooth ramp-up after SOP.

PARTICIPATION FEE

Rs. 6600/-
+18% GST
IMTMA Members/ Micro Companies/ Individuals/ Educational Institutions / Students/ IMTMA Non Members/ Others

USD 260/-
Overseas Participants

Group Concession : 10% for 3 to 5 and 20% for 6 and more delegates being nominated from the same company

FACULTY

This Program will be conducted by **Mr. B S Mohan**

He has extensive experience having worked for 8 years in the Pimpri plant of TATA MOTORS (erstwhile TELCO).
Later, worked in BOSCH’s Diesel plant in various capacities (process planning, production, Corporate Quality) and then in the Automotive Electronics plant as Quality Head with an overall service in BOSCH of 29 years.
