

INTRODUCTION

A good marketing team represents the face of the company as it needs to project the brand, its key strengths, products and services in order to convince the customers. Being capital equipment, effective marketing assumes far greater significance, specifically in case of machine tools and accessories. Indian Machine tool industry greatly requires systematically trained sales & marketing engineers who are able to effectively differentiate the products’ strengths across to the customer and win more business.

This program provides an in-depth understanding of technological aspects as well as best practices of sales & marketing strategies, IMTMA is organizing a 6 day on line training programme on Effective Sales and Marketing of Machine Tools and Accessories.

On 12 December 2020, you may attend the **Module on Commercial aspects for Sales and Marketing engineers.**
